

Ahmad Alghawi

FULL STACK DEVELOPER

Energetic - Hard working - Responsible - Ambitious - Team player – initiator

ABOUT ME

Software Developer with over 3 years of experience and full stack Developer with over 1 year of experience at Skillur, proficient in **React.js**, **TypeScript**, **Node.js**, **MySQL**, **HTML**, and **CSS**. Skilled in problem-solving and code optimization. Expert in using **Figma** for UI/UX design and development. Proficient in Jira for project management and team collaboration. Experienced in API development (sending data to the frontend using **Express.js**) and adept at working with **JSON**. Prior to Skillur, I dedicated 2 years to front-end development, specializing in HTML and CSS. Achieved a significant milestone on Skillur.com, completing over 65% of the full stack curriculum. A versatile team player with a strong background in web development and a commitment to delivering high-quality, scalable solutions

EXPERIENCE

SKILLUR AB FULLSTACK DEVELOPER

AUGUST 2022 - CURRENT

Collaborated on the development of web applications using **React.js**, **Node.js**, and **MySQL**.

Designed and implemented database schemas, ensuring efficient data storage and retrieval.

Created responsive and visually appealing user interfaces with **HTML**, **CSS**, and **Figma**.

Utilized **TypeScript** to enhance codebase maintainability and code quality.

Developed **APIs** to send data to the frontend using **Express.js** and worked with **JSON** for data exchange.

Resolved complex technical challenges and optimized existing code to improve performance.

Managed project tasks, issues, and workflows using **Jira** and utilized **Confluence** for team collaboration.

Worked closely with cross-functional teams to meet project deadlines and deliver exceptional user experiences.
